

8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

The Basic Structure of the Turkish National Education System consists of four main stages as pre-school education, primary education, secondary education and higher education.

Pre-school education consists of non-compulsory programmes whereas primary education is a compulsory 8 year programme for all children beginning from the age of 6. The secondary education system includes “General High Schools” and “Vocational and Technical High Schools”.

Higher Education is defined as all post-secondary programmes with a duration of at least two years. The system consists of universities (state and non-profit foundation) and other types of higher education institutions (police and military academies and foundation vocational schools). Each university consists of faculties and schools offering First Cycle (Bachelor’s level) programmes (240 ECTS), two year vocational higher schools offering Short Cycle (Associate’s level) programmes (120 ECTS) of a strictly vocational nature and also graduate schools administering graduate programmes.

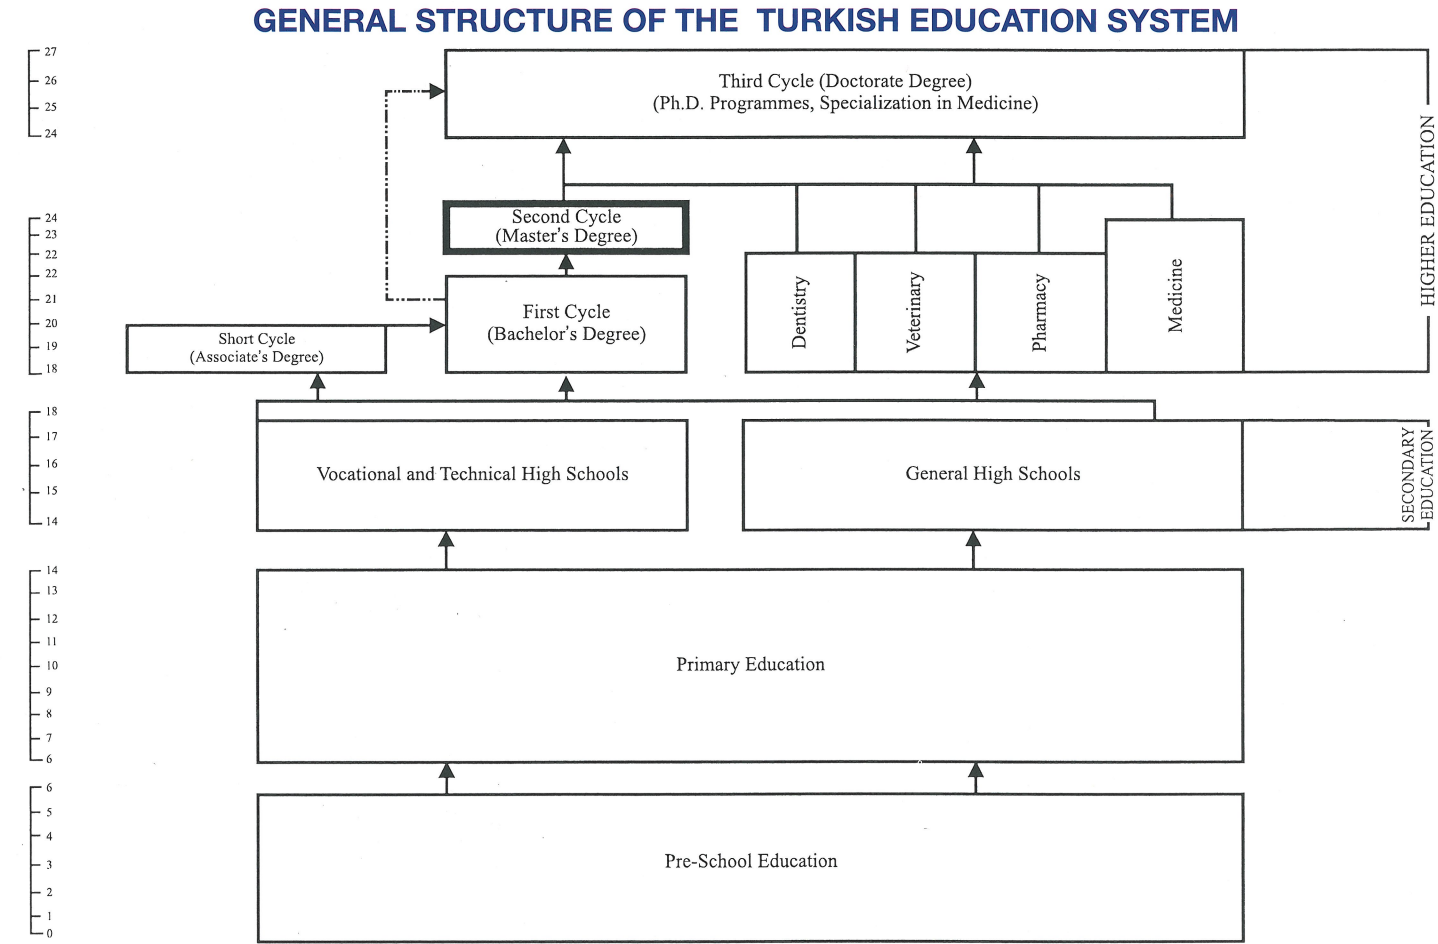

The Higher Education Law No. 2547 is the main law, which governs the higher education in Turkey. All universities (both state and non-profit foundation) are subject to the same law and regulations/rules. All state and non-profit foundation universities are founded by Law. The Higher Education System is regulated by the Council of Higher Education (Yüksek Öğretim Kurulu-YÖK) established in 1981, the Council regulates the activities of higher education institutions with respect to research, governing, planning and organization.

Admission to higher education is based on a nation-wide Student Selection Examination (ÖSS). The examination is held once a year and is administered by the Student Selection and Placement Center (ÖSYM). Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection examination and their high school grade point averages.

Graduate level of study consists of the Second Cycle (Master’s Degree) and the Third Cycle (PhD/Doctorate Degree) programmes. There are two types of Master’s programmes: with or without a thesis. The Master’s programmes with a thesis have 120 ECTS and consist of a minimum of seven courses, with a minimum of 21 national credits\*, one seminar course, and a thesis. The seminar course and thesis are non-credit and graded on a pass/fail basis. The duration of the Master’s programmes with a thesis is four semesters. Non-thesis Master’s programmes have 90 ECTS and consist of a minimum of 10 courses with a minimum of 30 national credits and a non-credit semester project. The semester project is graded on a pass/fail basis. Duration of the non-thesis Master’s programmes is three semesters. PhD programmes have 240 ECTS and duration of eight semesters which consists of completion of a minimum of seven courses, with a minimum of 21 national credits, passing a qualifying examination, preparing and defending a doctoral dissertation. Specialization in Medicine accepted as equivalent to third cycle programmes are carried out within the faculties of medicine, university hospitals and the training hospitals owned by the Ministry of Health.

Since 2003, a change in the 1996 Regulations on Graduate Education allows Bachelor’s degree holders to PhD programmes if their performance at the Bachelor’s degree level is exceptionally high and their application is approved. For these students, the theoretical part of the PhD programmes consists of a minimum of 14 courses, with a minimum of 42 national credits.

\* The national credit system is based on contact hours (i.e. theoretical or practical hours per week). 1.0 credit stands for each hour of lecture a week and 0.5 credit stands for each hour of laboratory or practical a week.

NB Since 2003, the Bachelor's degree holders whose performance at Bachelor's level is exceptionally high can enlist directly to the Doctoral level programmes

DUMLUPINAR UNIVERSITY

Diploma Supplement  
DİPLOMA EKI

This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international 'transparency' and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

Diploma Date :MAR 10, 2011

Diploma No : XXXXXXXX

1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

1.1. Family name(s)	1.2. Given name(s)
XXXXXXXX	XXXXXXXX
1.3. Date of birth	1.4. Student Identification number or code
XXXXXXXX	XXXXXXXX

2. INFORMATION IDENTIFYING THE QUALIFICATION

2.1. Name of the qualification	2.4. Name and status of institution administering studies
Maden Mühendisliği, Yüksek Lisans	Same as 2.3
2.2. Main field(s) of study for the qualification	2.5. Language(s) of instruction/examination
Mining Engineering	Turkish
2.3. Name and status of awarding institution	
Dumlupınar Üniversitesi, Devlet Üniversitesi	

3. INFORMATION ON THE LEVEL OF THE QUALIFICATION

3.1. Level of qualification
Second cycle (Master's Degree)
3.2. Official length of programme
2 years, 2 semesters per year, 14 weeks per semester , 30 ECTS per Semester
3.3. Access requirement(s)
Bachelor Science Diploma Academic Centralized Graduate Entrance Exam (ALES), acceptable minimum score of 55 on ALES. Inter-university Foreign Language Examination (ÜDS), or its equivalent in a foreign language test accepted by the Inter-university board.

4. INFORMATION ON THE CONTENTS AND RESULTS GAINED

4.1. Mode of Study
Full-time
4.2. Programme requirements
A student is required to have a minimum CGPA of 2.50/4.00 and no failing grades, and defend a thesis succesfully.The student must complete 120 ECTS credits and non-credit seminar.

Objectives

The main goals of the department are providing its students with a broad knowledge in all fields of mining, developing students' ability to determine and solve mining engineering problems, educating students to have sufficient knowledge and experience on methods selection for mining activities, improving their computing skills, playing an active role in the interdisciplinary teams and educating the engineers to accomplish their responsibility with the awareness of their professional ethics.

4.3. Programme details and the individual grades/marks/credits obtained						
	Code	Course Name	Category	Credit	Grade	ECTS
2008-2009 Fall Semester	802311011015	Advanced Mineral Economics	Compulsory	3	AA	7.5
	802311011001	Feasibility Studies in Mining	Compulsory	3	CB	7.5
	802311011007	Quality Control Statistics	Compulsory	3	BA	7.5
	802311011006	Total Quality Management	Compulsory	3	AA	7.5
2008-2009 Spring Semester	802311012016	Energy Policies Dependent on Coal	Compulsory	3	BB	7.5
	802311012019	Optimization Applications in Open Pit Mining	Compulsory	3	CB	7.5
	802311012011	Total Productivity Management	Compulsory	3	CB	7.5
2009-2010 Fall Semester	802311011997	Seminar	Compulsory	0	YT	7.5
	802311011998	Thesis	Compulsory	0	YT	30
2009-2010 Spring Semester	802311012998	Thesis	Compulsory	0	YT	30
Total				21		120

Total Credits : 21

Final Grade of the degree(CGPA) : 3.14 / 4.00

#### 4.4. Grading Scheme and Grades

It is compulsory to take all the courses. Students are required to attend to the courses and pass all the exams. For each course taken, students are given one of the following grades by the course teachers. The marks, grades and grade points are given below:

MARK	GRADES	GRADE POINTS	STSATUS
90-100	AA	4.00	Successfull
85-89	BA	3.50	Successfull
75-84	BB	3.00	Successfull
70-74	CB	2.50	Successfull
65-69	CC	2.00	Successfull
0-64	FF	0.00	Fail

DZ (Not attended) grade is given if a student doesn't fulfil the attendance and/or application requirements of the course.

YT (Satisfactory) grade is given to the student who is successful in taking non-credit courses.

YZ (Unsatisfactory) grade is given to the student who is unsuccessful in taking non-credit courses.

MU (Exempt) grade is given to the student who is found successful in examination from exemption conducted by the department concerned for courses determined by the University Senate.

IZ (Incomplete) grade is given if a student is academically permitted and so doesn't fulfil the requirements of the course.

A student obtaining one of the grades of (AA), (BA), (BB), (CB), (CC) and (YT) is considered successful in that course. The grades (YT), (YZ), (MU) and (IZ) are not included in the calculation of GPA. Students must attend at least 70% of the theoretical part of the lectures and 80% of the laboratory and practical sessions.

Başarılı (Satisfactory) 2.50 - 4.00

The Honor and High Honor students are also required to be successfull in all courses taken and not to have any disciplinary penalty.

#### 4.5. Overall Classification of the Qualification

BAŞARILI

#### 5. INFORMATION ON THE FUNCTION OF THE QUALIFICATION

##### 5.1. Access to further study

May apply to third cycle programs.

##### 5.2. Professional status

This degree enables the holder to exercise the profession.

#### 6. ADDITIONAL INFORMATION

##### 6.1. Additional Information

Dumlupınar University, The Institute Of Sciences. Web site: <http://fbe.dpu.edu.tr/>

##### 6.2. Further information sources
